This USB 2.0 KVM switch allows you to control 2 PCs accommodated in the same room, using 1 monitor, 1 keyboard and 1 mouse, saving space. At the front, the USB 2.0 KVM switch has 4 extra USB ports and 3 extra USB 2.0 ports. This allows you to have additional USB connections, for equipment, such as card readers or printers with data transfer speed up to 480 Mbps. Both computers, in turn, can use this equipment. This product is designed with user-friendliness in mind highlighted by it's easy operation. Switching from one PC to the other is accomplished by simply pressing the key on the switch. The connected USB equipment also switches accordingly. • 7 extra USB ports for connecting USB equipment, including 3 USB 2.0 ports • Including 2 cable sets of 1.8 and 3 m • Maximum resolution 2048 x 1536.
